TRADE WINDS CHANGED STYLES

Odom, Valore changed career directions

Joseph E. Odom, math and science teacher and former military man, thought he was on his way to becoming a college physics teacher several years ago when a long distance call changed his plans. The caller offered him the assistant principal's post at Bethune High and he has been a principal since that day. He was head of Carver and Walnut Hill Junior High before being chosen to put the HHS team together in 1974.

Mr. Odom received his B.S. degree from Grambling in 1963 and his M.A. from Ohio State University. He took further studies at University of Colorado, University of Rhode Island, New Mexico Highlands University, and Prairie View A&M. He was a forward observer for two years in the Army.

His hobbies include music; he directed the band for a time this year before that job was filled), electronics, and photography. "I develop pictures more than I take them," he said. He has taken photos since he was little, and "my kid brother and I started taking pictures of everything." He took pictures overseas to pass the time away, but didn't resume his hobby until his youngest son, senior Clinton Odom, became interested. Photos developed by Mr. Odom have appeared in Trade Winds and the football program, and he has done much work for the Galleries. He is also a veteran participant in the stock market. "I like to play paper stock, which is when you make an investment, but not for real; you just make-believe that you do."

MR. ABRAM VALORE (left) and Mr. Joseph Odom discuss a problem in a conference, as they often do.

Bull, lambs, fiddling win at fair

HARDWORKING WINNERS at this year's State Fair are (top left, clockwise) Gary Watkins, Suzie Cook, Denise Roan, Jason Brock and Troy Myers.

PTO membership increases

Parents will be invited to school December 5 for a 7:30 p.m. Parent-Teacher organization meeting, according to PTO president Mrs. F.A. Dickson.

"Back to school night" saw an increased attendance this year, according to school officials. PTO memberships were taken by 151 parents and teachers.

"We seem to have a very enthusiastic freshmen parent crowd, and I hope we can keep them," stated Mrs. Dickson. Officers include parent Mrs. Penny Claude, secretary, and teachers Walter Jackson, treasurer, and Robert Trudeau, vice-president.

Trade Winds editors will present a panel discussion on the school newspaper. Through visual and aural presentations they will describe how they produce the editorial news, graphic and photographic sections of Trade Winds. They will also assess the effect of the experience.

Cows, bulls, lambs, and pigs were exhibited by HHS students at the recent Caddo Parish Fair which was part of the state fair.

Kim Bickham, junior, entered two black Angus heifers and won 2nd and 5th. Her brother Brad Bickham, sophomore, showed 1 black Angus heifer, and 1 black Angus bull. His heifer won 1st and his bull won 3rd.

Donna Roan, sophomore, won 1st place in heavyweight Hampshire. Sandy Prince, sophomore, entered 1 black Angus heifer, and won 8th. Fair veteran Liz Laborde, junior, will receive \$500.00 for sale of her two winning lambs. Em Crager entered his steer and pig.

Gary Watkins, sophomore, won first place in Beginner's Fiddling and runner up in the Fiddling Championship.

Officers, Favorites

SENIORS LARRY CRANE AND LISA BOGDAN, Mr. and Miss Huntington, both have their careers "mapped out".

Mr., Miss Huntington Bogdan, Crane

Seniors Larry Crane and Lisa Bogdan were chosen Mr. and Miss Huntington in a recent school-wide election.

Lisa is a cheerleader and a member of the Chemistry-Physics club, and tennis club. She likes to "swim and ride in cars." Her favorite car is a Firebird. She likes animals and plants: African Violets in particular. Although not sure of her college plans, Lisa would like to be a buyer of fashion clothes for stores.

Larry is quarterback for the football team, Student Council president, a member of the Key Club, Fellowship of Christian Athletes, Chemistry-Physics club and the National Honor Society.

His hobbies are football, baseball, hunting, and as he puts it, "the outdoors." He also enjoys working with his church, Baylor University or Louisiana Tech are his college choices. He would like to become a Civil Engineer whose job is to supervise things like pouring concrete, electrical wiring and surveying construction sites. Larry would like to be a minister, but if that doesn't work out he would like to have Civil Engineering to fall back on.

Ellis heads resource

Huntington has another new program, the resource room. It is designed to give individualized instruction in math and reading.

The resource room teacher is Mrs. Sarah Ellis, who previously taught at Stoner Hill Elementary. She received her B.S. at Grambling and her MA at La. Tech.

OUTSTANDING FRESHMAN FOOTBALLERS are (top left, clockwise) Chris Dillard, Mike Sherman, Darryl Orton and Ken Bezzell.

JROTC TAUGHT LEADERSHIP AND CITIZENSHIP THEORY

The Junior Reserve Officers' Training Corps/National Defense Cadet Corps (JROTC/NDCC) Program has been in existence for approximately 60 years. The basic program objective is the cultivation of citizenship and leadership characteristics, vital to both civilian and military pursuits.

The JROTC program is a cooperative effort on the part of the Army and the host institution to provide secondary school students opportunities for all-around development. Satisfactory completion of the program can lead to advance placement credit in Senior ROTC or advanced rank in the Active Army, Army Reserve, or the National Guard.

SPIRIT HIGH DESPITE PROBATION

Football, this year, was played for fun only. Due to the probation, our games counted to no one but us.

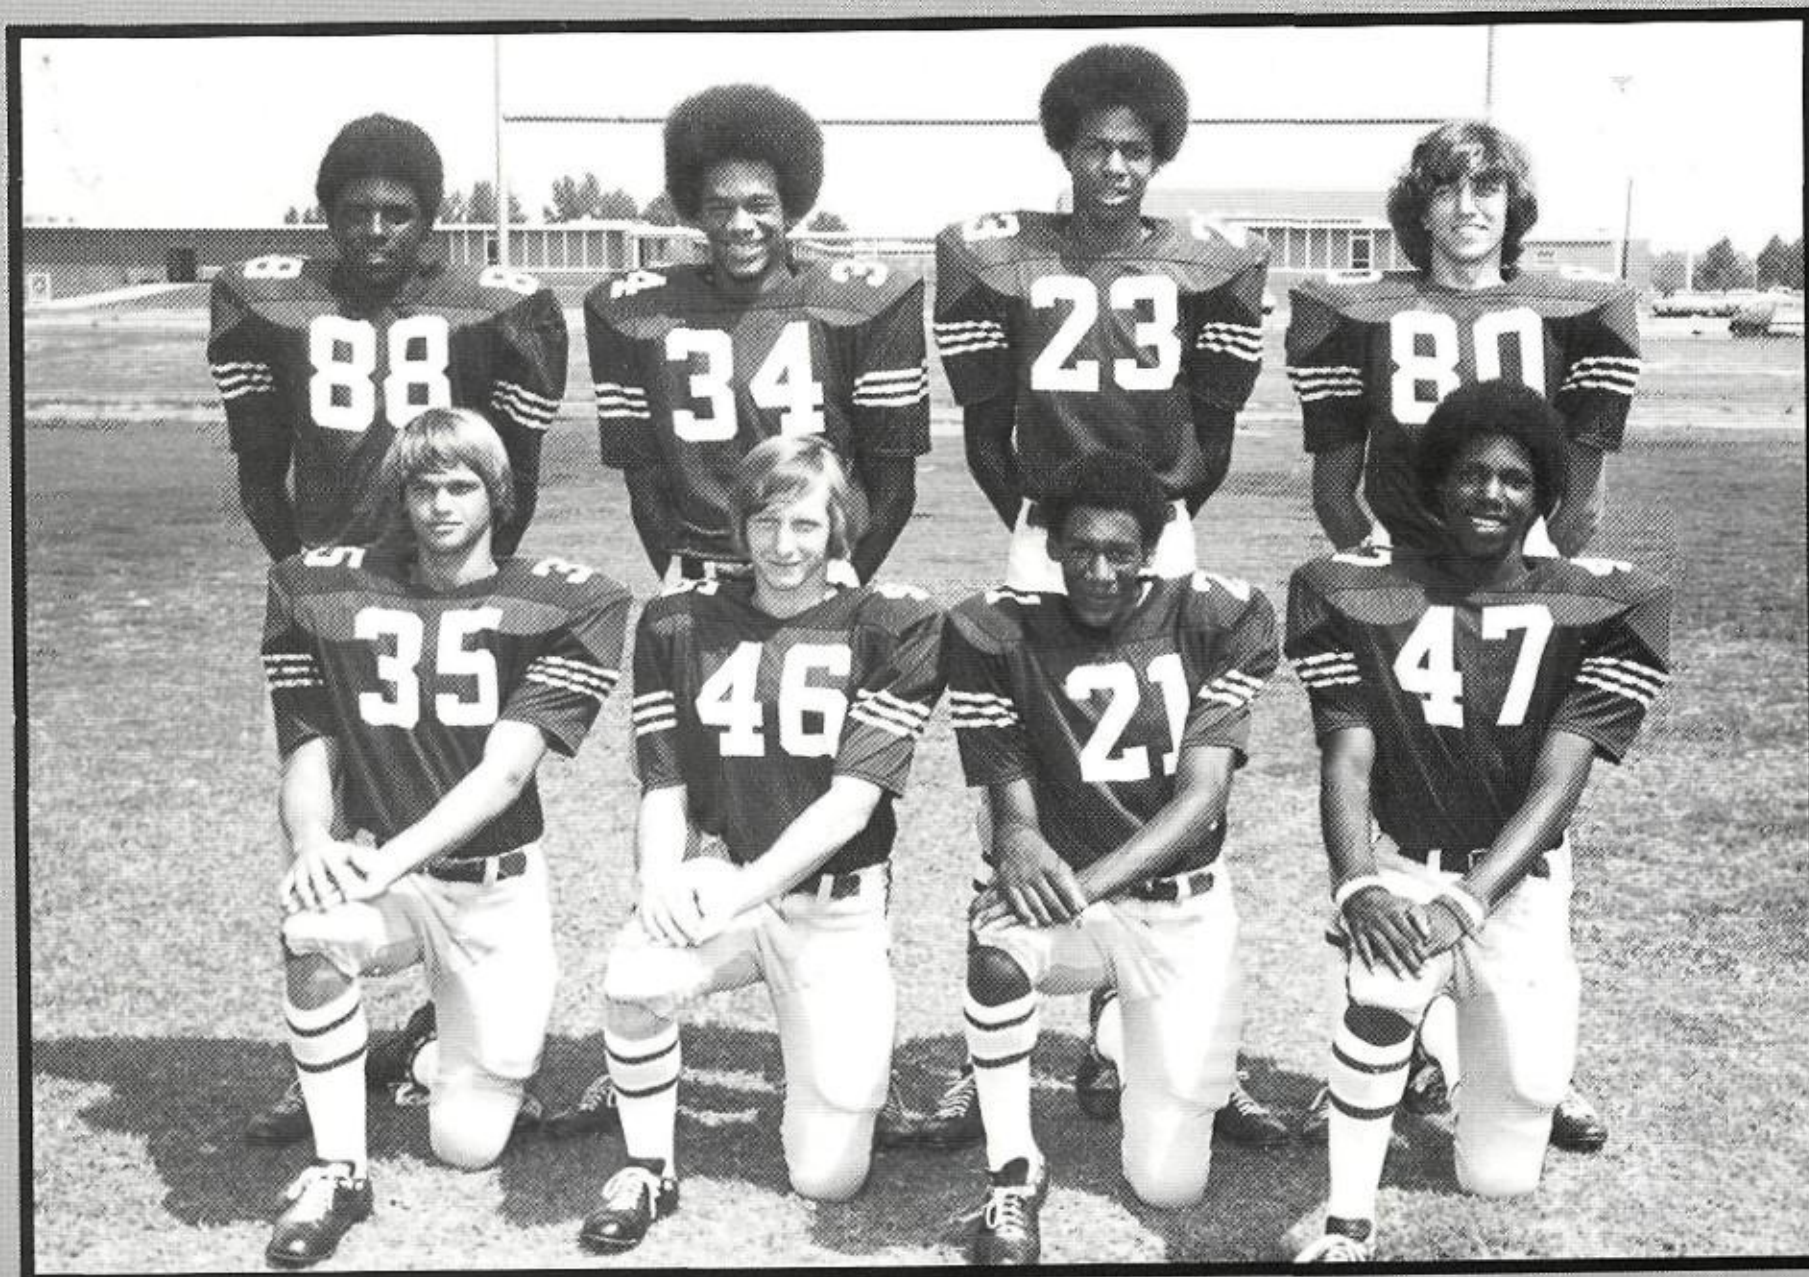

The outcome was 3 wins and 7 losses. There was one bright spot in the season, though. We won our second district game, 13-12, against the Woodlawn Knights.

The Raiders will bounce back and have a winning season next year.

ADVERTISEMENTS

Western Electric

Can you envision what your life would be like without a telephone? How would you make arrangements for the big ball game? How would you contact your friends for help with your homework? How would the young men make their dates? How would the young women break them?

The telephone has become a necessary part of the American way of life. And, at Western Electric's Shreveport Works, we make more telephones than any other facility in the world.

Western Electric is proud to be a part of the Ark-La-Tex and we are proud of today's students who will be tomorrow's leaders. Only through a quality education can you be prepared to assume this position.

As John Denver puts it in "The Eagle and The Hawk": "Reach for the Heavens; hope for the future and all that you can be, not just what you are."

Our employees — some of whom attended Huntington High School — have made Shreveport the "Telephone Capital of the World." Perhaps you will help us continue this tradition when you complete your formal education.

Work is over and the 1970 GALLEON has been completed. The cover has been drawn and all pictures have been cropped. The goal of the staff was to make this yearbook a treasure of memories which would last years to come, and we feel that goal has been reached.

Special appreciation goes to Mrs. Eleanor Devers Clark and Mrs. Mary Dickens, for without their help none of this would have been possible. We would also like to thank Mr. Odom, our principal, Mr. Trudeau, and the TRADE WINDS Staff for their help and support.

We hope you enjoy this yearbook and that it represents a part of your life that you will never forget.
